

NEW ERGO-TEK LINE 
designed around your hands

Ergo-tek Cutters & Pliers - One Touch and You'll be Gripped.

The Ergo-tek line represents the perfect combination of ultra high cutting quality and durability, with beauty and ergonomics almost beyond belief.

As soon as you see these hand tools you'll fall in love with them.

As soon as you hold and grip the ESD bi-component handles, you'll never want to put them down.

ERGO-TEK

ERGO-TEK SLIM

Bi-component ESD-safe ergonomic handles with a soft comfortable gripping surface provide superior operator comfort

Anti-slip rubber surface provides a better grip and a more pleasant feel

Easier to pick up due to the biscuit shape

Perfect thumb position

Rounded handle surface for maximum operator comfort

Fits perfectly in the palm of the hand due to its rounded anti-slip bottom

Ergo-tek Slim Cutters & Pliers range

When Ideal-tek introduced the Ergo-tek range in 2013 we set a new benchmark for the ergonomics, quality and beauty of cutters and pliers. Customers love this product line.

The new handles, **“Ergo-tek Slim line”**, were designed to follow in its successful older brother’s footsteps.
