Power tools for trade & industry

Advantages

- The “Up is Up”™ function offers the user optimum orientation due to automatic rotation of the image
- Transfer images and videos directly via a micro USB cable or a micro SD card for documenting critical areas
- Dual Power Source: Can be operated both with 10.8 V LI battery and with standard alkaline batteries
- Quick Connector technology for quickly and easily changing the camera cable and for compact storage of the tool.
- Compact housing with improved ergonomics – for the best handling in all situations
- Digital zoom for better recognition of details
